CAREER OBJECTIVE

Desire a position in Data Analytics to use my knowledge of Data Science from the George Washington University Data Visualization & Analytics Boot Camp. This program consisted of Python programming; data manipulation using MySQL, MongoDB, and Python libraries (Pandas, NumPy, Matplotlib, and JSON); social media mining using API calls and interactions; front end visualizations using HTML, JavaScript (D3.js and Plotly.js), R, and Tableau; geomapping using Leaflet.js and Carto; and advanced Excel (VBA scripting and pivot tables). I am an innovative thinker with an analytical mind seeking challenging opportunities.

TECHNICAL SKILLS

PYTHON PROGRAMMING

- Python 3
- Pandas
- NumPy
- Matplotlib
- JSON
- Beautiful Soup
- Tweepy
- API Interactions
- Social Media Mining

FRONT END VISUALIZATION

- HTML
- Cascading Style Sheets & Bootstrap
- Dashboarding
- JavaScript (D3.js, Plotly.js)
- Geomapping (Leaflet.js, Carto)
- R
- Tableau

ADVANCED TOPICS

- Hadoop
- Machine Learning

ADVANCED EXCEL

- Visual Basic Application Scripting
- Pivot Tables

DATABASES

- MySQL
- MongoDB

EDUCATION

GEORGE WASHINGTON UNIVERSITY, Washington, DC

02.2018 - 08.2018

Data Visualization & Analytics Boot Camp

- Part-time six-month program that covered major data analytics topics, including: Python 3 programming, Pandas DataFrames, social media mining, front-end visualization, geomapping, big data analytics with Hadoop, machine learning, predictive statistics, data modeling, and database processing.

VIRGINIA COMMONWEALTH UNIVERSITY, Richmond, VA

08.2014 - 05.2017

Bachelor of Science in Interdisciplinary Science

Minors: Biology, Chemistry

Concentration: Health Preparation/Professional Science

Track: Pre-Pharmacy

- Studied the core sciences (emphasis on biology and chemistry) and their relation to interdisciplinary issues, with the intention of applying to pharmacy school.
- Courses: Applications of Statistics, Research Methods in the Social Sciences, Organic Chemistry, General Physics, Cell Biology, Ecology, Biochemistry, Microbiology, Genetics, Educational Psychology
- Awards: Dean's List (Spring 2016)

NORTHERN VIRGINIA COMMUNITY COLLEGE, Annandale, VA

08.2011 - 08.2014

General Studies

- Courses: Calculus I with Analytic Geometry, General Biology, General Chemistry, Human Anatomy & Physiology, General Psychology, General Sociology
- Awards: Presidential Scholar (Fall 2013, Summer 2012), Dean's List (Summer 2013), Phi Theta Kappa Honor Society (October 2012 - August 2014)

EXPERIENCE

SHOPPERS PHARMACY, Lorton, VA

03.2017 - Present

Certified Pharmacy Technician

- Allowed to accurately compound topical creams and oral suspensions for patients
- Given responsibility of assisting monthly inventory of Schedule II drugs as needed
- Fine-tuned customer centric interpersonal skills

CVS PHARMACY, Richmond & Fairfax Station, VA

12.2015 - 03.2017

Pharmacy Technician Trainee, Certified Pharmacy Technician

- Virginia Board of Pharmacy Certified since November 2016
- Learned importance of and adhered to HIPAA, patient privacy, and federal and state regulations
- Given responsibility of accurately receiving federally regulated pseudoephedrine products
- Strengthened technical accuracy
